**MEMORANDUM FOR PROCLTR DISTRIBUTION LIST**

**SUBJECT: Release of Information**

The purpose of this PROCLTR is to reinstate a policy pertaining to the release of information to prospective suppliers/contractors concerning the requirement for HQ DLA contract clearance and oversight. This will preclude offerors/contractors from contacting HQ DLA regarding the status of the contract action. Insert the following as the penultimate sentence at DLAD 1.690-7(a): "Prospective suppliers/contractors shall not be advised that potential awards are to be or have been forwarded to HQ DLA for contract clearance and oversight."

This PROCLTR is effective immediately and expires upon incorporation in the DLAD, but in any event not later than one year from the effective date of this letter. Point of contact is Mr. John Farrar, MMPPB, DSN 427-1471.
